

Onboarding to UX team

Hi Luli 🖐️

We are happy to have you with us 🎉

We have prepared this checklist to make your onboarding as smooth as possible. Remember we are always here to help and answer all your questions.

Week 1 · Welcome Glovo & Core team!

You'll **learn a lot about Glovo while setting up both your hardware and software.**

Miguel Olivera will be your onboarding buddy. **He'll be your point of reference during your onboarding journey.**

This person will be checking in with you to see how everything is going! (You can always contact your buddy with any questions that might arise!).

You'll get an invite to a brief meeting to meet **our UX team**. We can't wait to meet you!

Tasks for this week:

- ☐ **Go through the meetings and events you are invited to by the onboarding team.** They'll guide you through the next steps and address any questions you may have during this first week.
- ☐ **Get in touch with your buddy** **Miguel Olivera** so he can help you clear any questions about the following weeks and this document.
- ☐ **Get your laptop**

Be sure you're **able to join Workday** properly, most company communication happens there, you should have been given proper access to it from your Glovo onboarding.

- ☐ Check if you have access to [Workday](#) There you can update/review your details and check the company structure.
- ☐ Request **Mariana Minafro** access to: **Google Drive**.
- ☐ Log in to **Figma** via SSO and request access to the most relevant projects.

- ☐ Log in to [Miro](#) via SSO.
- ☐ Request licences for Figma and Miro [here](#)
- ☐ **Slack.** Ask your buddy to be added to the core channels.
- ☐ Log in to [Confluence](#) with you Google Account
- ☐ [Get access](#) to **Github**
- ☐ Request access to Github Glovo organization. [Step by step here](#)
- ☐ Get access to **Claude**. Reach directly [Floencia Christensen](#) through slack
- ☐ Google Calendar. Ask your buddy to be added to the teams' calendars.
- ☐ Don't forget to add your birthday in our calendar!
- ☐ **Start your onboarding to the Core and UX team.** Meet the UX team and our most relevant rituals. Then, you can start your official onboarding to the team by going through the most relevant documents to familiarize yourself with our scope:
 - ☐ ➔ [UX & Product organizations](#)
 - ☐ ➔ [Our Design Process](#)
 - ☐ ➔ [UX All Hands - H2 2026](#)
 - ☐ ➔ [Jira Projects tracker](#)
